PARTNER

Start Your UC Davis Journey with Avenue^E

**IN COLLABORATION WITH LOS RIOS, PERALTA, SAN JOAQUIN DELTA
AND CONTRA COSTA COMMUNITY COLLEGE DISTRICTS.**

Avenue^E provides a smooth transition from community college to UC Davis for students interested in Engineering or Computer Science.

Avenue^E Criteria

To be eligible to apply for Avenue^E, students must be enrolled at one of four community college district partners; **Los Rios, Peralta, San Joaquin Delta** or **Contra Costa**. Students must have a desire to transfer to UC Davis, plan to major in engineering or computer science and meet the minimum Engineering Transfer Admission Guarantee (TAG) GPA requirements. Students must also possess a demonstrated commitment or potential for leadership to positively impact the elimination of barriers facing women and other members of underrepresented groups in computer science and engineering careers and/or be from families in which neither parent holds a bachelor's degree.

Apply for Avenue^E

Take the first step by creating your UC Transfer Admission Planner (TAP) account and checking the Avenue^E box under UC Davis transfer programs to indicate your interest. Contact your academic advisor for more information.

AVENUEE.UCDAVIS.EDU

What Can Avenue^E Offer You?

- Availability of financial awards for qualified students.
- Opportunity for academic enrichment: tutoring, peer mentors and targeted advising.
- Intensive summer residential programs for community college students prior to enrollment at UC Davis:
 - Summer study program prior to entering your final year at community college.
 - Paid transfer bridge program prior to starting your first quarter at UC Davis.
- Group outings, social activities, speakers and workshops that provide opportunities to engage in peer-to-peer learning, community building and career exploration.
- Industry tours, summer internships, mentorship and research experiences that will strengthen the connection between coursework and application of engineering design principles.
- Guidance with the UC TAP and the TAG process.
